# DETAILED FINAL ACTION

## Acknowledgment

1. Receipt of the amendment filed 1/24/05 has been acknowledged and entered.

The office is withdrawing the objection to claim 2 in view of the amendment.

## Claim Objections

- 2. Claim 1 is objected to because of the following informalities:
- a. The word "their" is unclear because the examiner does not know what structure is the word "their" referring to.
  - b. The recitation "contacting area" lacks antecedent basis.

Appropriate correction is required.

#### Claim Rejections - 35 USC § 112

3. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-3 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 recites "the teeth of the ring gear engage the noise absorbing member" is incorrect. Page 4 lines 1-5 of the specification discloses the teeth of the pinion (20) is engaging the O-ring (32).

## Response to Arguments

4. Applicant's arguments filed 1/24/05 are persuasive and that claims 1-3 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, 2<sup>nd</sup> paragraph, set forth in this Office action.

### Conclusion

- 4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Fuhrman ('976) and Bethune ('296) are cited of interest.
- 5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP. 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
